

## **“Palisades Fire Community Listening Sessions on Alerts, Warnings and Evacuations”**

*Listening Sessions implemented by McChrystal Group Consultants*

On behalf of Los Angeles County, the McChrystal Group invites impacted residents to **participate in one of three independently held community listening sessions** focused on gathering community input and experiences with emergency alert and evacuation processes during the recent Palisades Fire.

The McChrystal Group is a third-party consultant contracted to perform an independent after-action review of alerts and evacuations during the recent LA fires. The review and report were commissioned by the LA County Board of Supervisors in a motion led by Supervisors Lindsey Horvath and Kathryn Barger.

The goal of these listening sessions is to capture the community’s perspective on alerts and evacuation planning and execution during the recent fires. Please note, these meetings are meant to provide a structured opportunity through blended large and small group discussions for community members *to share their experiences and feedback only* related to emergency alerts and evacuations during the recent fires. *This community listening session will not provide information on recovery or emergency response efforts during the fire.*

Three sessions are being held in different locations aligned to constituent communities living in Malibu, LA City, and LA County.

To participate, please register in advance by clicking this [\*\*REGISTRATION LINK.\*\*](#)
